

The AirBOX H. Small and mighty.

It's often said that good things come in small packages – a saying proven by the AirBOX H. With a footprint just larger than that of an iPad, this hand dryer is small enough to slot into just about any nook or cranny in any bathroom. But despite its size, it's still a smart bit of kit. The AirBOX H keeps bathrooms from overcrowding with advanced airflow technology that blasts wet

hands dry in just 15 seconds. Not almost dry. Dry.
