The Armadillo.
Our toughest dryer.

Capable of withstanding constant use, this high speed hand dryer is no stranger to hard work – it has real grit. Engineered for strength and reliability over a long lifespan, the Armadillo is made with the most durable materials we could source. A strong, 1.5mm thick outer shell makes it the vanguard of vandal-proof washroom technology. An external grille protects the air nozzle, keeping the Armadillo's precious components safe and sound. The durable wall plate keeps this dryer stuck to the wall, making it nearly impossible to dislodge. The ultimate defensive dryer for remote or unattended washroom locations such as service stations or public lavatories, the Armadillo shines in challenging environments such as schools, hospitals, pubs and bars, where footfall and rough treatment are a daily challenge.
