

Pandarillo Data Sheet

There is plenty packed into the compact and modest shell of the Pandarillo hand dryer. The Pandarillo has a removable HEPA filter which can be cleaned, providing a maximum level of hygiene for your customers and staff.

Beneath the hand dryer you can find controls which makes the Pandarillo suitable for every environment. The three switches on the underside of the unit control the power of the hand dryer, the air temperature (hot or cool) and the power of the hand dryer (strong or soft). In addition to these switches, the sensor sensitivity can also be adjusted to suit your requirements.

The Pandarillo is available in silver or white.
